Hello and welcome to Team in Training! I'm Erica, and I will be your campaign manager.

I look forward to being a part of your Team in Training journey, along with our amazing mentors, captains, and coaches, to help you reach your fundraising and training goals and contribute towards the mission of the Leukemia & Lymphoma Society - to cure blood cancers and improve the quality of life of patients and their families.

I became involved with Team in Training in 2009, training for and completing the Santa Barbara Half Marathon. When I signed up, I had no idea I had it in me to complete even two miles or raise two dollars, let alone complete a half marathon and reach my fundraising goal. However, I was so inspired to give back to such a deserving cause and had such a

wonderful time with the team, that I knew I had to return. I came back as a mentor for the following season, then as a team captain for two more seasons.

I am very proud and honored to now work for the Leukemia & Lymphoma Society. I love working towards the mission, helping others realize their capabilities, and giving back to the community at large. I am also a survivor of Hodgkin's lymphoma, and I work towards the mission in honor of my fellow survivors and in memory of my grandmother, who lost her battle with leukemia in 2000. I sincerely want to thank you for being a part of Team in Training, because your contribution to the team is so vital towards finding a cure. I hope that you truly enjoy your experience with us, and GO TEAM!!
