Welcome to Team in Training! I am so excited that you've decided to join the TEAM, and I look forward to guiding you through what I guarantee will be one of the most inspiring and rewarding experiences of your life!

My name is Lauren Plichta, and I will be your Campaign Manager this season! I joined Team in Training in order to combine two of my passions: running and raising money to help find a cure for the horrible disease that took my mother's life. I began as a participant, came back to volunteer as a Mentor then Captain, and now I have the privilege of working for the Leukemia & Lymphoma Society and dedicating my life to the cause. My journey with Team in Training has truly changed my life, and I am so fortunate to be able to witness the change it will make in all of your lives, as well.

Mile-by-mile, dollar-by-dollar, I (along with your coaches, captains and mentors) will be there to advise you, support you, cheer you on, and make sure you have a wonderful time with Team in Training, all while saving lives! In addition to training and fundraising support, TNT will also provide you the social outlet to create life-long friendships and the ability to feel a true sense of purpose and giving back. Together, we are going to be amazing, and you will be shocked at how much we can accomplish as a TEAM!
